I am very excited to announce we now have an online library for you to visit!

Currently the library is open to students in school but for you at home who have not been able to access the library that has now changed. You can browse all the books we have in the library via our online library.

So how it works

- Go on to the Westfield School website
- Go to Current Parents and students
- Go to Info for all years
- Down the right hand side there will be a green menu, click library
- You should then be on the school library page
- In the section New During Lockdown, if you click where it says **HERE** it will take you to the online library page.
- Once everyone is back in school you will still be able to access the online library. If it is not your library day, but would like a book you can browse online.
- The next page talks you through the online library page, if you have any questions please email the library email address and I will be happy to help. There is also a PowerPoint on teams showing you in more detail how to use.
