# 1. Introduction

- 1.1 This plan outlines the proposals of the Local Governing Body (LGB) of Westfield School to increase access to education for students with disabilities in the three areas required by the planning duties in the Equality Act 2010.
  - 1.1.1 Increasing the extent to which students with disabilities can participate in the school curriculum;
  - 1.1.2 Improving the environment of the school to increase the extent to which students with disabilities can take advantage of education and associated services;
  - 1.1.3 Improving information delivery to students with disabilities.
- 1.2 The Trust and LGB also recognises their responsibilities towards employees with disabilities and will:
  - 1.2.1 Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities;
  - 1.2.2 Ensure that employees with disabilities are supported with special provision to ensure that they can carry out their work effectively without barriers;
  - 1.2.3 Undertake reasonable adjustments to enable staff to access the workplace.
- 1.3 The plan will be resourced, implemented, reviewed and revised in consultation with the:
  - 1.3.1 Parents of students
  - 1.3.2 Employees
  - 1.3.3 Governors
  - 1.3.4 External partners

# 2. Definition of Disability

2.1 Disability is defined by the Equality Act 2010:

"You're disabled under the Equality Act 2010 if you have a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on your ability to do normal daily activities."

- 2.2 What does 'substantial' and 'long-term' mean:
  - 2.2.1 'substantial' is more than minor or trivial, eg it takes much longer than it usually would to complete a daily task like getting dressed;
  - 2.2.2 'long-term' means 12 months or more, eg a breathing condition that develops as a result of a lung infection.

# 3. Key Objective

To reduce and eliminate barriers to access to the curriculum and to full participation in the school community for students, and prospective students, with a disability.

# 4. Principles

- 4.1 Compliance with the Equality Act 2010 is consistent with the school's aims and equal opportunities policy, and the operation of the school's SEN policy.
- 4.2 The school recognises their duty under the Equality Act 2010:
  - 4.2.1 are committed to providing an environment that enables full curriculum access that values and includes all students, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school;
  - 4.2.2 not to discriminate against disabled students in their admissions and exclusions, and provision of education and associated services;
  - 4.2.3 not to treat disabled students less favourably;
  - 4.2.4 to take reasonable steps to avoid putting disabled students at a substantial disadvantage;
- 4.3 The school recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities and respects the parents' and child's rights to confidentiality.
- 4.4 The school provides all students with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual students and their preferred learning styles.

# 5. Activity

This section outlines the main activities which the Trust and school undertake, and are planning to undertake, to achieve the key objectives (above).

#### 5.1 Education & related activities

The school will continue to seek and follow the advice of external services as necessary, such as specialist teachers, educational psychologists and SEN inspectors/advisers, and of appropriate health professionals from the local NHS Trusts.

#### 5.2 Physical environment

The school will take account of the needs of students and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.

They also work closely with the school Facilities Management company to ensure that the aims of this policy are met, maintained and where possible improved.

#### 5.3 **Provision of information**

The school will make itself aware of services providing information in alternative formats when required or requested.

# 6. Action Plan

Under the headings within the Activity Section above the school will assess to what extent they already have in place and identify improvements. These are outlined in the attached Action Plan.

# 7. Linked Policies

This Plan will contribute to the review and revision of related school policies, e.g.:

- 7.1 School Improvement Plan.
- 7.2 Staff development plan.
- 7.3 SEND Information Report.
- 7.4 Equal Opportunities policy.
- 7.5 Curriculum policies.
- 7.6 Health and safety policy.
